

Hello and Thank you!

I just wanted to write a quite note to thank you for the incredibly nice cards and letters that you forwarded along with these awesome cookies. We are so thankful that there are folks back home that value the sacrifices we are making during this time of year. It is hard to be away from home, our friends and families but you have really touched our hearts and filled our bellies with such tastie treats. Your efforts have not gone without

appreciation! Thought that I would provide a picture so that you may see one of those who you have brought such warmth to. I have displayed your cards as a reminder to those kind-hearted people back home that we serve.

Thank you again and I hope that you holiday season is filled with joy and warmth.

Merry Christmas and a Happy New Year to you all!!

Sincerely,

MSG Harold Hyer
