All volunteers must go through a verification in order to pick up opportunities. This can be done in one of two ways.

1. **You can make a donation of any amount to Soldiers' Angels, and if the donation processes correctly, the system will automatically verify your identity, granting you immediate access to the portal and to begin selecting and participating in opportunities.**

2. **Alternatively, you can choose to get verified through a third-party background check company called Verified First. Soldiers' Angels covers the cost of this verification on your behalf. If you select this option, the background check company will email you a form to fill out, which will require your date of birth and Social Security Number. Please note that we never have access to this information; the background check company simply runs the trace and provides us with the green light to approve your access to the portal. You will be able to log in to the portal immediately, but you will not start seeing opportunities and be able to participate in them until the process Verified First verification process is complete. This could take 24-72 hours.**

Completing this process will grant you access to most virtual volunteer opportunities and many in-person opportunities. However, please be aware that some in-person volunteer opportunities may require additional verification and a full background check. Any such requirements will be disclosed in the volunteer information.

You have select how to verify.

The screenshot shows a form with the following content:

Becoming a Soldier's Angels volunteer is a significant commitment to serving our service members, wounded heroes, and veterans, which is why we require various levels of identity verification and background checks based on the access you will have.

To gain basic access to the volunteer portal and many volunteer opportunities, we do require identity verification. We've provided two options for you to choose from:

1. You can make a donation of any amount to Soldiers' Angels, and the system will automatically verify your identity, granting you immediate access to the portal and to begin selecting and participating in opportunities.
2. Alternatively, you can choose to get verified through a third-party background check company called Verified First. So which will require your date of birth and Social Security Number. Please note that we never have access to this information; the background check company simply runs the trace and provides us with the green light to approve your access to the portal. You will be able to log in to the portal immediately, but you will not start seeing opportunities and be able to participate in them until the process Verified First verification process is complete. This could take 24-72 hours.

Completing this process will grant you access to most virtual volunteer opportunities and many in-person opportunities. However, please be aware that some in-person volunteer opportunities may require additional verification and a full background check. Any such requirements will be disclosed in the volunteer information.
