with you all the way

Member of the AICPA & TXCPA.

Registered with Public Company Accounting Oversight Board.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Soldiers' Angels San Antonio, Texas

Opinion

We have audited the accompanying financial statements of Soldiers' Angels, (the "Organization") which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Soldiers' Angels as of December 31, 2023 and 2022, and the results of its activities and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements – continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: Soldiers' Angels (Organization) is a not-for-profit organization incorporated on December 26, 2003, with a mission to provide aid, comfort, and resources to military personnel, veterans, and their families. The Organization offers Critical Assistance, Virtual programs and services, VA Hospital Support, and Community Support. These support areas allow the Organization to best serve the military, veterans, and their families while also ensuring that dedicated volunteers are fully utilized.

Soldiers' Angels Critical Assistance program provides much-needed resources to low-income, homeless, and atrisk veterans as well as active-duty service members, including:

- Military & Veteran Food Drives
- Transportation Services
- Homeless Veteran Housing Packs
- Canteen Gift Cards

- Hygiene Kits
- Box Lunches
- Food Pantries

The Organization operates Virtual programs and services that include volunteers from all over the country and internationally who participate in supporting U.S. military families and U.S. veterans. The Organization's virtual programs and services include:

- Adopting a Service Member
- Care Packages
- Letters/Cards
- Special Operation Support

- Homemade Baked Goods
- Chaplain Support
- Caregiver Support

Soldiers' Angels VA Hospital Support services are geared primarily to supporting veterans through a partnership with VA Medical Centers and other veteran support agencies. Soldiers' Angels provides support to veteran patients and homeless veterans to include:

- Patient Visits
- Hygiene Kits
- Box Lunches
- Coffee Carts
- BBQ's

Bingo Nights

Luncheons/Dinners

- Baby Showers
- Holiday Events

Soldiers' Angels Community Support offers a wide range of services to Active Duty, Guard, Reserves, and Veterans, which truly allows us to provide a full circle of support, including:

- Pre-Deployment Event Support
- Holiday Adopt-A-Family
- Luncheons/Dinners/BBQs in the community vs at a VA facility
- Stand Downs

- Cards of Support
- Baby Showers
- Seasonal Campaigns
- Handmade Items

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

These key service areas are provided through the contribution of goods, gift cards and other services which are recognized at fair value and reflected in the accompanying financial statements as contributed goods, services and facilities which are offset by a like amount included as in-kind expense.

Basis of Presentation: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U. S. generally accepted accounting principles. Net assets, support and revenues, and expenses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Without Donor Restrictions: Net assets available for use in general operations and not subject to donor restrictions. Grants and contributions gifted for recurring programs are generally not considered "restricted" under GAAP, though for internal reporting management tracks such donations and contributions to verify the disbursement matches the donor's intent. Assets restricted solely through the actions of the Board are reported as net assets without donor restrictions, Board designated.

With Donor Restrictions: Net assets subject to donor-imposed stipulations that are more restrictive than the Organization's mission and purpose. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Donor imposed restrictions are released when the restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Revenue Recognition: The Organization recognizes contributions and grants either when a valid promise to give (generally in writing) is received or as collected in the case of most smaller denomination gifts. Contributions are reported as without or with donor restriction, depending on the existence and/or nature of any restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restriction if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restriction depending on the nature of the restriction. When a restriction expires, the net assets are reclassified to net assets without donor restriction. Non-cash contributions are recorded at their fair market value at the date of contribution.

Donated goods and services are reported as "in-kind contributions" by the Organization. Donated goods are recorded at fair value at the time of donation. The value of donated services is based on an amount determined to be appropriate if individuals were employed by the Organization to perform such services and is recorded as contributed services revenue and expense in the period during which the services are rendered.

Cash and Cash Equivalents: Cash and cash equivalents consist of cash on hand and deposits held by financial institutions with maturities of three months or less.

Investments: Investments are reported at fair market value determined by quoted market prices. Gains and losses (realized and unrealized) are reported as investment earnings, net of fees in the accompanying statements of activities. Donated investment instruments are recorded at fair value at the date of donation.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Contributions Receivable: Contributions receivable are reported at outstanding principal, net of an allowance for doubtful accounts if deemed necessary. The allowance is generally determined based on an account-by-account review and historic trends. Accounts are charged off when collection efforts have failed, and the account is deemed uncollectible. An allowance was not required at December 31, 2023 and 2022. Interest is generally not charged on the receivables.

Inventories: Inventories consist of care packages which are gifts to be sent to deployed soldiers or their families, promotional items and contributed goods for distribution and use in the Organization's programs. The distribution of these contributed goods for the Organization programs are recorded as program expenses in the statements of functional expenses. Cost is determined using the first-in, first-out method. Donated items are recorded at their estimated fair value at the date of donation.

Property and Equipment: Property, improvements and equipment are valued at historical cost or estimated fair value at the date of donation. Expenditures for betterments greater than \$5,000 that materially extend the useful life of an asset are capitalized. Depreciation is recorded using the straight-line method over the estimated useful lives of the related assets, which is generally three to five years for furniture, equipment and vehicles and five years for improvements.

Operating Leases: The Organization determines if an arrangement is an operating lease or financing lease at commencement. For all operating leases with a term greater than 12 months, lease assets and obligations are recognized at the lease commencement date based on the present value of lease payments over the term of the lease. The Organization utilizes the risk-free discount rate, according to the Organization's elected policy for this class of assets. Operating lease expense is recognized in operating expenses on a straight-line basis over the lease term. In determining lease asset values, the Organization considers fixed and variable payment terms, prepayments, incentives, and options to extend, terminate or purchase. Renewal, termination, or purchase options affect the lease term used for determining lease asset value only if the option is reasonably certain to be exercised.

Income Taxes: Soldiers' Angels is a tax-exempt organization under Internal Revenue Service Code Section 501(c)(3). In addition, the Organization is not a "private foundation" within the meaning of Section 509(a) of the Internal Revenue Code. Donors of money and/or property are entitled to the maximum charitable contribution deduction allowed by law. The Organization is not subject to Texas margin tax. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

Employee Benefit Plan: The Organization has a Simple IRA plan which covers substantially all employees. Employees may contribute a percentage of their annual compensation as allowed by the federal tax code. The Organization matches up to 3% of employees' contributions. The Organization matched approximately \$30,000 in 2023 and 2022 to the Plan.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Functional Allocation of Expenses: The costs of providing the services and other activities of the Organization have been summarized on a functional basis in the statement of functional expense. Accordingly, certain costs have been allocated among the programs and supporting services benefited. These expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and benefits which are allocated on the basis of estimates of time and effort, as well as depreciation, office and occupancy, which are allocated on square-footage or another reasonable basis.

Advertising: Advertising and marketing costs are expended as incurred and totaled approximately \$334,000 in 2023 and \$224,000 in 2022.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Reclassifications: Certain amounts for 2022, none of which are significant, have been reclassified for comparative purposes to the 2023 presentation.

Recently Adopted Accounting Pronouncements: In September 2020, the Financial Accounting Standards Board (FASB) issued ASU No. 2020-07 Not-for-Profit (Topic 958): *Presentation and Disclosures by Not-for Profit entities for Contributed Nonfinancial Assets* to increase the transparency of contributed non-financial assets by enhancing the presentation and disclosures. The update includes the presentation of contributed non-financial assets as a separate line item in the statement of activities while disclosing disaggregated information about the types of contributed non-financial assets, how the contribution was used and various other disclosures. Management adopted this standard effective January 1, 2022 and increased disclosures for in-kind contributions.

In February 2016, FASB issued ASU No. 2016-02, "Leases (Topic 842)," for reporting periods beginning after December 15, 2021. A lessee is required to recognize on the balance sheet right-of-use assets, representing the right to use the underlying asset for the lease term, and a lease liability for all leases with terms greater than 12 months. The guidance also requires qualitative and quantitative disclosures designed to assess the amount, timing, and uncertainty of cash flows arising from leases. Leases with an initial term of 12 months or less are not recorded on the statement of financial position.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

The Organization adopted the new standard effective January 1, 2022, the first day of the lease standard implementation date. Consistent with the optional transition method allowed as part of the modified retrospective transition approach provided in ASU No. 2018-11, the Organization did not adjust comparative periods. The new standard applied to leases that have commenced as of the effective date, January 1, 2022, with a cumulative effect adjustment recorded as of that date. The Organization also elected to apply certain practical expedients allowed in ASC 842 whereby the Organization need not reassess whether any expired or existing contracts are or contain leases, the Organization need not reassess the lease classification for any expired or existing leases, and the Organization need not reassess initial direct costs for any existing leases. The Organization's adoption of the ASU resulted in the addition of Operating Lease Right-of-Use assets on the balance sheet for the right to use the underlying assets of operating leases. The Organization elected to use hindsight for transition when considering judgments and estimates such as assessments of lessee options to extend or terminate a lease or purchase the underlying asset. In addition, the corresponding liability for the remaining balance of the operating leases is included in the liability section of the balance sheet. For all asset classes, the Organization elected to not recognize a right-of-use asset and lease liability for leases with a term of twelve months or less. The adoption of this ASU did not have a material adjustment to the Statement of Operations. At January 1, 2022, the Organization recognized right of use assets of \$179,297 and a corresponding lease liability of \$187,937.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates.

Concentrations of Credit Risk: Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash and investments. The Organization places its cash and investments with financial institutions, and limits the amount of credit exposure, although it may from time to time have cash balances or investments in excess of that insured by the FDIC and SIPC. The Organization periodically assesses the financial condition of the institutions and believes the risk of loss is minimal.

The Federal Deposit Insurance Corporation (FDIC) insures cash up to \$250,000 in three of the institutions that hold the Organization's deposits. The amount in excess of the insured limits in these financial institutions totaled approximately \$960,000 at December 31, 2023. The Organization also holds cash in money market accounts with three brokerage firms. These funds are insured by the Securities Investor Protection Corporation (SIPC) up to \$250,000 per account. The uncovered cash and cash equivalents held in the money market accounts totaled approximately \$2,970,000 at December 31, 2023.

NOTE B – INVESTMENTS

Investments are stated at fair value. Investment earnings (including interest earned on accounts classified as cash and cash equivalents) is summarized as follows at December 31:

	 2023	 2022
Interest and dividends	\$ 88,290	\$ 21,321

Total property and equipment	554,361	337,094
Less accumulated depreciation	(280,350)	(199,319)
Property and equipment, net	\$ 274,011	\$ 137,775

NOTE D – GIFTS IN-KIND

Gifts in- kind included the following for the years ended December 31:

	2023	2022
Goods	\$ 23,082,033	\$ 27,721,887
Facilities	6,000	16,495
Professional services	121,048	86,620
Gift cards	4,070	
Total gifts in-kind	\$ 23,213,151	\$ 27,825,002

All gift in-kind items are valued using estimated wholesale prices of identical or similar products and considering the goods condition and utility for use at the time of the contribution.

No gifts in-kind were considered donor restricted in 2023 or 2022 as all gifts were directed towards the Organization's primary mission. The Organization does not sell donated gifts in-kind and only distributes goods for program use. It disbursed \$21,131,334 in 2023 and \$24,982,802 in 2022 in donated goods to various active duty, guard, and reservists as well as veterans and military families in the community. These disbursements are included in in-kind expenses in the statement of functional expenses.

Volunteers donated approximately 212,000 hours in 2023 and 278,061 hours in 2022 to the Organization's program services; however, these donated services are not reflected in the financial statements since they do not meet the criteria for recognition under U.S. generally accepted accounting principles, which limits recognition of donated services to professional services.

Board Member Donations: The Organization received approximately \$170,000 in 2023 and \$253,000 in 2022 for in-kind donations from Board Members (considered related parties to the Organization). These amounts are included in contributed goods, services and facilities in the statements of activities.

NOTE E – LEASES

The Organization has a third-party operating lease for office space. Office lease expense is recognized in occupancy, general, and administrative expenses on a straight-line basis over the lease term. The lease term for the building ends March 31, 2024.

Office lease expense totaled approximately \$194,000 in 2023 and \$197,000 in 2022.

NOTE E – LEASES – continued

At December 31, 2023, the weighted-average remaining lease term was 0.17 years and the weighted-average discount rate was 1.26%. Future commitments relating to this lease agreement are as follows:

Year Ending December 31,	
2024	\$ 14,960
Total minimum future payments	14,960
Less: imputed interest	 (24)
Present value of lease liability	\$ 14,936

The Organization also leases various office equipment that is excluded from Topic 842 due to the amounts being insignificant. The monthly payments ranging from \$275 to \$670 with various expiration dates through 2025. Equipment lease expense associated to these leases totaled approximately \$13,000 in 2023 and 2022. The aggregate minimum future lease payments on these equipment leases, are as follows;

Year Ending December 31,	
2024	\$ 5,282
2025	 3,300
Total minimum future payments	\$ 8,582

NOTE F – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Organization utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE F - FAIR VALUE MEASUREMENTS - continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies nor transfers between levels. Following is a description of the valuation methodologies used for investments measured at fair value:

Cash and cash equivalents: Valued at its carry amount due to short-term maturity of the instrument.

Equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, investments measured at fair value:

	Fair Value Measurements Using							
	Level 1		Level 2		Level 3		Total	
December 31, 2023								
Cash and cash equivalents	\$	52,346	\$	-	\$	-	\$	52,346
Total investments at fair value	\$	52,346	\$		\$		\$	52,346
December 31, 2022								
Cash and cash equivalents	\$	44,185	\$	-	\$	-	\$	44,185
Equity securities		2,079		-		-		2,079
Total investments at fair value	\$	46,264	\$	_	\$		\$	46,264

NOTE G – LIQUIDITY AND AVAILABILITY OF FINANCIAL RESOURCES

The Organization has approximately \$4,824,000 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditures. This consists of cash of approximately \$4,500,000, accounts receivable of \$272,000 and investments (which are not endowed) of \$52,000. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the balance sheet date. The Organization has a goal to maintain financial assets on hand to meet at least 60 days of normal operating expenses which, on the average, total approximately \$551,000 per month given full programmatic expenditures.

NOTE H – CURRENT ECONOMIC CONDITIONS

The impact of current economic events, including increasing inflation and interest rates, supply chain constraints, availability of capital and labor, and geopolitical events, remains uncertain. Any related financial impact cannot be reasonably estimated at this time.

NOTE I – SUBSEQUENT EVENTS

In 2024, the Organization signed an agreement renewing the lease for office space with future payments totaling \$183,600. This lease will commence April 1, 2024 with a term of 2 years.
